## The Buffalo Collection

### Antique Appliqué Armchair

26" wide, 35" deep, 42" tall

This one-of-a-kind family antique uses decorative leather appliqué and welting to accent the carving on the frame. As an accent piece it is elegant. It is comfortable and easily moved on wheeled casters. We can find a similar frame to build a replica once this antique is gone. Perhaps you have a favorite family heirloom you'd like us to cover as beautifully.

*Antique Shown. Reproductions Available.*
